EVENT OVERVIEW

Following the success of three editions of Global DeFi Investment Summit, where Blockchain pioneers, crypto projects, VC's, Business entrepreneurs gathered to discuss DeFi, Metaverse, Gamefi, NFTs, and many other hottest topics, within the blockchain ecosystem, Gulf Xellence decided to launch the 4th edition of the summit in Dubai, UAE.

Under the Patronage of the Private Office of His Highness Sheikh Mohamed Bin Ahmed Bin Hamdan Al Nahyan, the summit is dedicated to web3 technologies, bringing together the biggest names, and thought leaders who are actively shaping the crypto ecosystem.

The summit is a platform where participants will be presented with use-cases from the enterprise world, Inspiring speeches, panel discussions, tech talks, fireside chat, and speed pitches.

The core goal of Global DeFi Investment Summit is to bring the global investors and cutting-edge projects under one roof.

Furthermore, various start-ups and local businesses from the relevant industries will also participate and connect to build business relationships. At the Summit, technological and business innovations will be exhibited to the participants and investors.

The core plan of the summit is to increase awareness of the crypto ecosystem to the global scene, interface blockchain and digital asset owners from every corner of the world.

ABOUT SPONSORS

CRAT D2C

CRAT Tokenomics is a fantastic chance to capitalize on the growth of 4 Emerging Markets, Ecommerce, Real Estate, Luxury Lifestyle · Cryptocurrency. CRAT is a treasurable asset base decentralized ecosystem where manufacturers of products can easily connect with targeted consumers by discharging the bureaucracy of retailers in the realism of the Direct-2-Consumer economy.

XT.COM

Founded in Seychelles in 2018, xt.com is the world's first social infused exchange. Operation & headquarter is located in Dubai. It boasts the global first-class domain name xt.com, with more than 3 million registered users, over 300,000 monthly active users, and more than 30 million users in the ecosystem. Currently, xt.com ranks no 40 on CoinMarketCap, and NO.30 on CoinGecko.

ISLAMICCOIN

ICNetwork Ltd is a privately financed technological enterprise founded by a group of seasoned blockchain and fintech entrepreneurs interested in creation of highly ethical financial services and exploration of the potential of distributed technologies in the ethical finance domain. Notable early contributor and the founder of IC Tech is Andrey Kuznetsov (visionary, serial tech entrepreneur, crypto evangelist). ICNetwork Ltd is the developer of the Haqq Blockchain, the first Shariah-compliant decentralized ledger, specifically designed to follow the rules and traditions of Islamic finance.

HASHBROWNSWAP

HashBrownSwap is an open DeFi platform with a next generation exchange, designed for everyone. HBS is also a B2B2C platform for co-branding with strategic partners to quickly launch or expand their DeFi, NFT, payment, investment product or metaverse service.

CONNECT2CRYPTO

Founded in 2018, CONNECT2D Inc is a Canadian communications company founded by technology veterans Calvin and Kenny Doan. The two previously launched private communication applications across the fields of Fitness and Healthcare, with CONNECT2CRYPTO being a natural foray into the blockchain industry. The CONNEC2CRYPTO App aims to provide a crypto-native solution to communication and community building. With a team of over 25 seasoned veterans across technology, communication, and blockchain, CONNECT2D Inc is redefining the infrastructure of crypto communication.

BELDEX

Founded in 2018 by a team of crypto enthusiasts, the Beldex project aims to restore privacy on the internet by building an ecosystem of decentralized privacy-first applications. The Beldex team consists of accomplished professionals from finance, marketing and technology who uphold the ethos of community-first and decentralization. Mr. Afanddy Bin Hushni serves as the present Chairman of Beldex. The community is what makes a Web3 project successful. The Beldex community is now over half a million strong with members from across several countries and continents.

INVOICEMATE

InvoiceMate is the world's first blockchain based invoice management system. It is the next-generation invoice management system that extends trust and efficiency at each point of invoice processing. The blockchain and AI powered system ensure transparency across the whole invoice journey from invoice creation, approval, payment, and financing. InvoiceMate brings contemporary technologies to the real world. It offers an innovative solution for the ever-challenging issue of invoice processing. Team InvoiceMate is the force that is making it possible.

ABOUT ORGANIZER
